In any case, no library can be self-sufficient / own every resource.

Therefore, to meet the needs of our users and fill the gap in our collection, library is offering Document Delivery Service.

### **What is Document Delivery Service?**

Document delivery service enables you to obtain a copy of journal article, conference paper, book chapter, or other documents that are not available in the library collection, from other libraries with whom library has arrangements, for your academic use.

### **Who can use the services?**

All faculty, researchers, students and staff who are associated with IIT Gandhinagar are eligible to use this service.

Library will make every effort to deliver the requested material as soon as possible (ASAP),

but in some cases, it may take little more time in obtaining, as we depend on lending library where from we obtain the requested articles.

Library also has an excellent arrangement with IITs, IISERs, NITs, IIMs and other resourceful libraries in the country. Services of these libraries are being used to meet our requirements.
