

Publications on IITs
(Selected List)

Compiled by
Library
Indian Institute of Technology Gandhinagar

Books

1. Deb, S. (2003). *The IITians: the story of a remarkable Indian institution and how its alumni are reshaping the world*. New Delhi: Viking Penguin India.
378.94 DEB 007658
2. Dharam, V. (2011). *Sixty years in the service of the nation: an illustrated history of IIT Kharagpur*. New Delhi: Orient Blackswan.
607.1095414 DHA 012799
3. Gulhati, S. K. (2007). *The IITs, slumping or soaring*. Delhi: Macmillan India.
4. Indian Institute of Technology Bombay. (2009). *Punctuations: a photographic journey through the IIT Bombay campus*. New Delhi: Narosa Publication House.
770 ROY 002793 & 020343
5. Manchanda, R. (2008). *Monastery, sanctuary, laboratory: 50 years of IIT-Bombay*. 576: Macmillan.
378.10954 MAN 011267
6. Modi, Y. (2012). *Game changers: 20 extraordinary success stories of entrepreneurs from IIT Kharagpur*. Noida: Random House.
658.4092 MOD 011168
7. Rajguru, S., & Pant, R. (2003). *IIT: India's intellectual treasures : passage through the Indian Institutes of Technology*. Silver Spring, Md.: Indus Media LLC.
8. Sebaly, K. P. (1972). *The assistance of four nations in the establishment of the Indian Institutes of Technology, 1945-1970*. Ann Arbor: University of Michigan, School of Education.
9. Subbarao, E. C. (2008). *An eye for excellence: fifty innovative years of IIT Kanpur*. New Delhi: Harper Collins Publishers India a joint venture with India Today Group.
607.54 SUB 013217
10. Sukhatme, S. P. (1994). *The real brain drain*. Hyderabad: Orient Longman.
11. Sukhatme, S. P. (1990). *A study on the nature of work and placement of postgraduate alumni of the Indian Institutes of Technology, Bombay*. Bombay: Indian Institutes of Technology.
12. Sukhatme, S. P., & Indira, M. (1987). *Pilot study on magnitude and nature of the brain drain of graduates of the Indian Institutes of Technology*. Bombay: Indian Institutes of Technology.

Book Chapters

1. Indiresan, P. V., & Nigam, N. C. (1993). The Indian Institutes of Technology: excellence in peril. In P. G. Altbach & S. Chitnis (Eds.), *Higher education reform in India: experience and perspectives*. New Delhi: Sage Publications.
2. Jayaram, N. (2011). Toward world-class status? The IIT system and IIT Bombay. In P. G. Altbach & J. Salmi (Eds.), *The Road to Academic Excellence: The Making of World-Class Research Universities* (pp. 167–193). The World Bank. Retrieved from <http://elibrary.worldbank.org/doi/book/10.1596/978-0-8213-8805-1>
3. Momaya, K. S. (2014). A new perspective for industrial competitiveness: exploring the role of IITs. In M. K. Nandakumar, S. Jharkharia, & A. S. Nair (Eds.), *Organisational Flexibility and Competitiveness* (pp. 91–100). New Delhi: Springer India. Retrieved from http://link.springer.com/10.1007/978-81-322-1668-1_7

Reports

1. Anandakrishnan, M. (2012). [Prevention of suicide and promotion of wellness in the central government funded technical institutions \(CFTIs\) \(Report of the Task Force\)](#). New Delhi: Department of Education, Health and Agriculture.
2. Ananth, M. S. (2008). [Report of working group on engineering education \(p. 70\)](#). National Knowledge Commission.
3. Banerjee, R., & Muley, V. P. (2007). [Engineering education in India \(p. 147\)](#). Mumbai: Observer Research Foundation.
4. Kakodkar, A. (2011). [Taking IITs to excellence and greater relevance \(Kakodkar Committee Report\)](#). Ministry of Human Resource Development, Government of India.
5. Kirpal, V., Swamidasan, N., & Gupta, A. (1984). *The adjustment of SC/ST student's*. IIT Bombay: a report.
6. Nordic Recognition Information Centres. (2006). [Report on the system of education in India \(p. 71\)](#).
7. Nayudamma, Y. (1986). [IIT: report of the review committee \(Nayudamma Committee Report\)](#). Ministry of Human Resource Development, Government of India.
8. Pal, Y. (2009). [The committee to advice on renovation and rejuvenation of higher education in India \(Yash Pal committee report\)](#). Government of India.
9. Ramasami, T. (2011). [Alternate admission system for engineering programmes in India \(Ramasami Committee Report\)](#). New Delhi: Ministry of Human Resource Development.
10. Rao, P. R. (2004). [IIT: report of the review committee \(Rama Rao committee report\)](#). Government of India.

11. Sarkar, N. R. (1945). *An interim report of the committee appointed to consider the development of higher technical institutions in India (N.R. Sarkar Committee Report)*. New Delhi: Ministry of Human Resource Development.

Articles

1. Acharya, D. (2009). Technical education system in India - challenges and prospects. In *International Engineering Education Proceedings of the INAE Conference* (pp. 83–90). Madras: World Scientific Publishing Co. Pte. Ltd.
2. Arakeri, V. H. (2006). Indian Institutes of Technology: report of the review committee-2004. *Current Science*, 90(4), 485.
3. Balaram, P. (2011). IIT, MIT and the evolution of institutions. *Current Science*, 100(5), 599–600.
4. Bassett, R. (2009). Aligning India in the cold war era: Indian technical elites, the Indian Institutes of Technology at Kanpur, and computing in India and the United States. *Technology and Culture*, 50(4), 783–810. <http://doi.org/10.1353/tech.0.0354>
5. Bose, D. N. (2011). Genesis of IITs. *Current Science*, 101(12), 1515.
6. Chandra Das, M., Sarkar, B., & Ray, S. (2013). A decision support framework for performance evaluation of Indian technical institutions. *Decision Science Letters*, 2(4), 257–274. <http://doi.org/10.5267/j.dsl.2013.06.005>
7. Chandra, N. (2008). Putting research results into use: Interrogating knowledge transfer policies at the Indian Institutes of Technology. Presented at the [IV Globelics Conference](#), Mexico City.
8. Chandra, N. (2009a). Indian Institutes of Technology and the pursuit of capitalising knowledge. *History and Sociology of South Asia*, 3(2), 258–92. <http://doi.org/10.1177/223080750900300204>
9. Chandra, N. (2009b). Knowledge transfer strategies at Indian Institutes of Technology. In *International conference on liberalizing research in science and technology*. IIT Kanpur.
10. Chandra, N., & Krishna, V. V. (2010). Academia-industry links: modes of knowledge transfer at the Indian Institutes of Technology. *International Journal of Technology Transfer and Commercialisation*, 9(1/2), 53. <http://doi.org/10.1504/IJTTC.2010.029425>
11. Chatterji, D. (2010). Is it necessary to do away with IIT-JEE? *Current Science*, 99(8).
12. Francis, S. (2011). The IITs in India: symbols of an emerging nation. *Südasien-Chronik South Asia Chronicle Chicago*, (1), 293–326.
13. Grose, T. K. (1999). Jewel in the crown: In a country with more than its share of tech schools with global reputations, the Indian Institutes of Technology is the gem that shines the brightest. [Prime Online](#).
14. Gupta, N. (2007). Indian women in doctoral education in science and engineering: a study of informal milieu at the reputed Indian Institutes of Technology. *Science, Technology & Human Values*, 32(5),

507–533. <http://doi.org/10.1177/0895904805303200>

15. Indiresan, P. V. (1994). Education in the IITs: a question of head and heart. *International Journal of Engineering Education*, 10(1), 12–16.
16. Indiresan, P. V. (2007). A different degree. *India International Centre Quarterly*, 34(3/4), 84–99.
17. Kamath, A. (2007, June). *Analysing the contribution of technical education to India's core-HRST1 - a case study of IIT Madras* (MPhil Programme Thesis). [Centre for Development Studies \(CDS\), Trivandrum, under Jawaharlal Nehru University](#), New Delhi.
18. Kaur, R. (2005). Locating the humanities and the social sciences in institutes of technology. *Sociological Bulletin*, 54(3), 412–427.
19. King, A. D. (1970a). Elite education and the economy: IIT entrance: 1965-70. *Economic and Political Weekly*, 5(35), 1463–1472.
20. King, A. D. (1970b). The IIT graduate: 1970: Aspirations, expectations and ambitions. *Economic and Political Weekly*, 5(36), 1497+1499–1510.
21. Krishna, V. V., & Chandra, N. (2009). *Knowledge production and knowledge transfer: a study of two Indian Institutes of Technology (IIT, Madras and IIT, Bombay)* ([Asia Research Institute Working Paper No. 121](#)).
22. Natarajan, R. (2006). *The Evolution of Post Graduate Engineering Education and Research in India*. The Indian Journal of Technical Education, 29(3), 1-17.
23. Mishra, S. (2009). Need to improve the IITs and IIMs. *Economic and Political Weekly*, 44(30), 17–20.
24. Murali, K. (2003). The IIT story: issues and concerns. *Frontline*, 20(3).
25. Parasnis, A. S., & Green, R. S. (2003). Challenges faced by IITs. *Current Science*, 85(11), 1512–1513.
26. Prabhu, S. S. (2000, November). Engineering Education in a flux : the IIT Kanpur story. *Directions*, 3(5). Retrieved from http://www.iitk.ac.in/infocell/Archive/dirnov3/cover_story.html
27. Prathap, G. (2012). Is the IIT JEE a conundrum? *Current Science*, 103(8), 869–870.
28. Prathap, G. (2013). Benchmarking research performance of the IITs using Web of Science and Scopus bibliometric databases. *Current Science*, 105(8), 1134–1138.
29. Rajagopalan, C. (1968). The Indian Institutes of Technology: do they contribute to social mobility? *Economic and Political Weekly*, 3(14), 565–570.
30. Rakash, S. O. (1995). Psychological symptoms amongst untouchable students of IITs: challenge for the technical educational planners. *Journal of Educational Planning and Administration*, 7(2), 165–180.

31. Rani, B. (1977). *Socio-psychological problems of scheduled tribe students in higher technical education: a study of scheduled caste/scheduled tribe students in Indian Institutes of Technology-Delhi* (MPhil dissertation). Jawaharlal Nehru University, New Delhi.
32. Rani, B. (1980). *Self-concept and other non-cognitive factors affecting the academic: the academic achievement of the scheduled caste students in institutions of higher technical education* (PhD Thesis). Jawaharlal Nehru University, New Delhi.
33. Roy, S. D. (2000). Science content in IIT engineering education. *Current Science*, 78(10), 2.
34. Saha, S. K., & Ghosh, S. (2012). Commissions & committees on technical education in independent India: an appraisal. *Indian Journal of History of Science*, 47(1), 109–138.
35. Sen, B. (1989). Development of technical education in India and state policy—a historical perspective. *Indian Journal of History of Science*, 24(2), 224–248.
36. Sen, N. (2010). Performance-based funding for IITs. *Current Science*, 86(3), 369–372.
37. Sharma, N. (2014). Expansion of engineering education in India: issues, challenges and achievable suggestions. *Journal of Academia and Industrial Research*, 3(3), 118–122.
38. Sharma, K. N., & Ram, N. (1974). *Educational arithmetic of social Inequality: a study of admission and adjustment of IIT-Kanpur students*. *Department of Humanities and Social Sciences*, IIT Kanpur.
39. Singh, A. (1995). IITs yesterday and tomorrow. *Economic and Political Weekly*, 30(38), 2389–2394.
40. Sohoni, M. (2012). Engineering teaching and research in IITs and its impact on India. *Current Science*, 102(11), 1510–1515.
41. Sukhatme, S. P., & Mahadevan, I. (1988). Brain drain and the IIT Graduate. *Economic and Political Weekly*, 23(25), 1285–1293.
42. Varma, R., & Kapur, D. (2010). Access, satisfaction, and future: undergraduate education at the Indian Institutes of Technology. *Higher Education*, 59(6), 703–717. <http://doi.org/10.1007/s10734-009-9275-0>
43. Varma, R., & Kapur, D. (2013). Comparative analysis of brain drain, brain circulation and brain retain: a case study of Indian Institutes of Technology. *Journal of Comparative Policy Analysis: Research and Practice*, 15(4), 315–330. <http://doi.org/10.1080/13876988.2013.810376>
44. Varma, S. (2012). Managing faculty demand in technical education: a supply chain model for IITs. *South Asian Journal of Management*, 19(4), 124.
45. Vijayakumar, K., & Nagarajan, M. (2008). Investigation of collaborative research trends in Indian Institutes of Technology 1994-2004. *Indian Journal of Information Library and Society*, 21(3-4), 157-165.
46. W(h)ither IITs? (2000). *Seminar*, 494.
