Taking a leap and differentiating themselves, the Indian Institute of Technology Gandhinagar (IITGN), on Tuesday, inaugurated the housing facilities for their construction workers on campus. Taking it up as a concern to see construction workers living in poor housing and living conditions, IITGN constructed housing facilities in the first phase of its campus construction.

The IIT Council which appreciated the labour welfare and community outreach practices at IITGN, said, “The exemplary practices of IIT Gandhinagar should be introduced in all IITs and be shared on the IIT Council website.”
