**MAJOR GIFTS TO IIT GANDHINAGAR**

An endowment gift to IITGN enables you to remember someone you love or respect in perpetuity — by naming a scholarship, professorship, award, even a building after them.

MAJOR GIFTS ADVANCE IIT GANDHINAGAR’S STRATEGIC PRIORITIES AND RAISE THE INSTITUTE’S PROFILE

A major gift can be transformative for a young institution like IIT Gandhinagar, enabling us to recruit and retain world class faculty, develop signature programmes, seed innovation, advance cutting-edge research, and seize new opportunities. A major gift helps raise the Institute’s profile and is a lasting legacy, providing support through an endowment for generations of students and faculty to come.

Some donors have the resources to make large gifts and pledges, which they can designate for specific purposes.

Although any gift can be designated, major gifts of Rs 1.25 crores ($250,000) or more may be paid over a pledge term (typically five years) and give donors naming recognition.

Major gifts enhance and create endowments to support new or current programmes, students, faculty, research, entrepreneurship, academic industry collaborations, and civic engagement.

Major gifts enable IIT Gandhinagar to develop cutting-edge learning and research environments for our students and faculty.

Major donors are invited to become members of the Benefactor Advisory Committee by making a minimum contribution of Rs 10 lakhs (US$20,000). Alternatively, you may pledge a contribution of Rs 2 lakhs (US$4,000) per year for a minimum of five years.

IITGN’s undergraduate curriculum won the World Education Award 2013 for innovation in engineering education at the world education summit.

IITGN places great emphasis on globalization and diversity. Almost a third of IITGN students have study abroad or other overseas experience in the form of international educational or internship opportunities. To promote critical thinking and an appreciation of the interdisciplinary character of knowledge, students take almost 20% of their coursework in the liberal arts, nearly twice the proportion of most other Indian engineering institutions in the country.

You may target your gift to a specific area or project or you may give an unrestricted gift for IITGN to apply to the most critical areas. We are proud of our donors and have established several forms of recognition to express our gratitude.

You may designate your gift as unrestricted. IITGN applies such gifts to the most critical needs identified by the institute. Unrestricted gifts also enable us to respond to and seize new opportunities.

You can endow a faculty chair (Rs 1.25 crores/$250,000) or a research fellowships (Rs 60 lakhs/$120,000) for outstanding faculty, which may be named after someone you love or respect and which will exist in perpetuity. Alternatively, you may set up named limited-time chairs and fellowships for contributions that range from Rs 3 lakhs/$6,000 to Rs 30 lakhs/$60,000. The chairs and fellowships enable the Institute to offer top-up compensation of about 25% of the regular salary to recruit and retain outstanding scholars.

You may target your gift to a specific area or project or you may give an unrestricted gift for IITGN to apply to the most critical needs identified by the institute. Unrestricted gifts also enable us to respond to and seize new opportunities.

Your major gift makes a difference — for a student, a professor, or a programme. It enables you to remember someone you love or respect — by naming a scholarship, professorship, award, even a building after them.

You may target your gift to a specific area or project or you may give an unrestricted gift for IITGN to apply to the most critical needs identified by the institute. Unrestricted gifts also enable us to respond to and seize new opportunities.

If you make a multi-year gift from Japan’s Ricoh Company.

You may target your gift to a specific area or project or you may give an unrestricted gift for IITGN to apply to the most critical needs identified by the institute. Unrestricted gifts also enable us to respond to and seize new opportunities.
