

INDIAN INSTITUTE OF TECHNOLOGY GANDHINAGAR

Advertisement

Applications are invited for the following temporary position in a project “Campus Construction Project” at IIT Gandhinagar.

Name of the post: Technical Supervisor

Minimum Qualification: Three-year regular Diploma in Mechanical Engineering, Mechanical Maintenance, Civil Engineering or a closely-related field.

Skills: Interest and background in campus development. Interest in coordinating a wide range of planning and construction activities on campus, including coordinating with people, and inspection of facilities. Good communication and people skills to deal with a wide range of people, good teamwork skills, proficient with MS Word, MS Excel, Google docs, and other such software for efficient record-keeping. Basic organizational skills to maintain office paperwork. While not absolutely necessary, the ability to understand and interpret basic architectural drawings will be a plus.

Minimum Experience Required: Minimum one year experience required. Out of this one year experience, at least nine months must be related to either supervision or coordination related to either construction or maintenance of civil infrastructure, preferably in a corporate or academic campus environment.

Duration- One year

Interested candidates should send their complete resume by email to campus@iitgn.ac.in on or before June 26, 2017. Shortlisted candidates will be called for interview at IIT Gandhinagar campus.
