Applications are invited for the position of “**Junior Research Fellow**” to create a Common Research and Technology Development Hub (CRTDH) for Dye and Dyestuff industries. The Project is funded by Department of Scientific and Industrial Research (DSIR), Government of India and it is to be completed at Indian Institute of Technology Gandhinagar. The details of the project and the aforementioned position are as follows:

Project Title: “DSIR-Common Research and Technology Development Hub (CRTDH) in the area of Chemical Processes (Dyes and Bio-remediation)”

Name of the Post: Junior Research Fellow (JRF 1)

Consolidated Monthly Pay: Rs. 25,000/-

Qualification and Experience:

BE/BTech with GATE / ME/MTech in Chemical Engineering and/or Dye Technology or allied branches (e.g. Chemical Technology, Dyes & Pigments Technology, dye stuff technology, etc.) with at least 60% marks or 7 CPI.

Desirable: Excellent oral and written communication skills with capacity to work in a team. Candidates who have prior experience in the area are preferable.

Terms: Initially for one year. But performance based yearly extension is possible for maximum 5 years.

Mode of Selection:

The shortlisted candidates will be called for written examination /interview. The final selection of candidates will be decided on his / her merit and performance in the interview / written test or both the tests.

Interested candidates should email their complete resume giving all educational qualifications and experience details, and certificates of qualifications and experience to chinmayg@iitgn.ac.in **on or before March 05, 2017**. The subject of the email should be **CRTDH – JRF1**. Selected candidates will be called for interview at IIT-Gandhinagar Palaj campus. No TA/DA will be provided for attending the interview / written test.
